

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

Openness of spaces, accessibility of spaces
use
re. open/common spaces - use of spaces even though other spaces are closed

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

Is there going to be enough parking available?
& computers for community use?

What is your top priority question to have addressed tonight? (the top priority question from this group)

~~Will it be a safe place for the~~
Does the city have enough money to pull this off?

Yellow Group Report Back Sheet

Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

It good as far as it goes. What about Phase II

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

When were the three horse ^{space} removed from the plans. Will not this be ideal ~~property~~ ^{property}

What is your top priority question to have addressed tonight? (the top priority question from this group)

The non city portion have not met their part of project & Land is being held for their benefit

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

elevated walking track
having the library right there.

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

Parking — not enough * green features? *

Church / funeral home — does not belong
who was the appraisal for property?

What is your top priority question to have addressed tonight? (the top priority question from this group)

Worried about lack of communication
about the project — seems to
be more behind the scenes
stuff.

Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

Height is good (not too high)

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

- How job: see : living with coord. / and targets
- lights on field / on fly.
-

What is your top priority question to have addressed tonight? (the top priority question from this group)

- offset on Paper are - how far / wide ~~side~~ sidewalk?
- Can you dress it up? - too plain

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

- (1) No church or funeral home or social service components - b/c it seems to serve the community in which it is set + not the whole city
- (2) Town square
- (3) Open - windows - interaction between outside - inside - inviting

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

(1) Not enough gym space

Concessions - Area that opens out - Kitchen
→ (2) No area that would interact w/ the fields - bathrooms, concession area, (right by field) or warming room (if here/hidden) i.e. long walk to building

(3) Is field big enough for football/soccer?

Nice design but... → (4) Too modern - does not fit w/ the old style of Payne Ave.

What is your top priority question to have addressed tonight? (the top priority question from this group)

(1) Where is the money coming from?

(2) Can there be ~~for~~ an opportunity for follow-up feedback once the design is changed/created based on the input tonight?

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

Multi-level, Good functional, multi purpose space.
Rooms for community use. Square on Payne Ave.
Which will have many uses. Sandstone colored
bricks - Our history. ✓

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

Commercial delivery trucks unloading? Is there enough parking? ✓

What is your top priority question to have addressed tonight? (the top priority question from this group)

What is the total cost of Phase I? ✓

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

- 3 levels of fitness
- design of gym open to be seen
- maintaining outdoor field & young child playground
- New up-to-date spacious library
- No parking ramps
- investment in a needed community
- No swimming pool to heat

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

- parking, lighting, safety within the building (ie. corridors, etc)
- only 1 basketball court? Need more basketball court space
- making sure there are different spaces/activities for different ages of kids.
- Will there be adequate staffing? - Area for ping pong tables?

What is your top priority question to have addressed tonight? (the top priority question from this group)

Cost.

Why are you paying more for the buildings than their assessed value & during difficult financial times

- concern about so much glass (with shootings, etc that could be very expensive
- * = restrooms should be near library for safety
- mechanical room near meeting rooms = too loud to hear
- will there be adequate parking?
- when will be the next meeting?
- surveillance cameras
- Can we have solar lighting as much as possible?
- Are there kitchenettes?

Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

multi use building is great.

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

Are ~~are~~ you looking at using "green" energy like solar power?

What is your top priority question to have addressed tonight? (the top priority question from this group)

How will existing plans work with phase II?

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

- Towne Square & green space
- much better entry to neighborhood
- lots of small seating/meeting spaces
- children's area
- gym, running & fitness (it's about time!)

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

LED Construction (solar & garden)?

- SECURITY (where is security desk, how will provisions be in place for vulnerable adults)
- How will entrance accommodate ALL racial ethnicities to welcome all
- buildings too square (look @ Dale/University bldg)
- Can we please look at adding a theatre/stage space? This would accommodate racial diversity (HipHop, spoken word)

What is your top priority question to have addressed tonight? (the top priority question from this group)

Easy access for all (bus, hours, socioeconomics)

Yellow Group Report Back Sheet

Instructions: Allow each person to share their individual input out loud at each table.
Then work to find consensus on three priority issues to report back to the larger group.
Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

- Windows
- Center for charging lives as precedent - is it on public land?

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

- reminder of past poor investments - something needs to be done about the neighborhood - ~~is this it?~~ this is not the answer
- historical significance of Arlington Library
 - purchase of existing, viable business or empty residential property
 - renovate church vs. new church "reincarnation"
- What is your top priority question to have addressed tonight? (the top priority question from this group)

- if the majority of the people here (and in previous surveys) don't want this, ~~what if~~ will you push this project, esp with borrowed \$
- \$ has been allocated for renovation & repair ^{inside} - when will it be released & how can we know that?

A

Please write clearly and in large print so presenters can easily read your input and answer your question.

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

Appealing - One person said - but doesn't like the idea. I don't like it. It doesn't look like the neighborhood. It looks like it belongs in Maplewood. We don't like it's pretty, it's modern. We will lose other recreation centers, the hardware store.

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

Need to address virtually no public support in neighborhood. Also the legality of the church's involvement must be addressed. One person wanted more detail.

What is your top priority question to have addressed tonight? (the top priority question from this group)

This has cost too much & all the money given to businesses that have moved has been expensive. Why has so much money been spent without adequate input from the neighborhood?

Yellow Group Report Back Sheet

What does your group agree they like most about the design? (Design elements, purpose, possibility or potential)

1. Design - clean interesting.
2. Quality of Materials - brick + glass.
3. Basketball courts.
4. Library -
5. Flexibility of spaces for public use.

What challenge or problem do you see that may need to be addressed? (Unaddressed issue, need to take a 2nd look).

1. Critical Need for programming to engage community members of all ages. Staff specifically assigned for community programming.
 2. A fee structure yet to be revealed / usage priority.
 3. Need for clearly lit sidewalks from Greenbrier + Greenbrier.
 4. Stage + Theatre / Badminton.
 5. Landscaping of perennials along the
- What is your top priority question to have addressed tonight? (the top priority question from this group)

Programming staffing.

Loop Ave. Corridor.
